OBJECTIVE

Aspiring Software Engineer with a strong interest in Artificial Intelligence and Machine Learning. Passionate about developing real-world applications and continuously improving problem-solving skills through hands-on projects and collaborative work.

EDUCATION

B.Tech – Artificial Intelligence & Machine Learning

Pragati Engineering College

2ND YEAR · IN PROGRESS

PROJECTS

Smart AI Cricket Analyzer

ML-based system designed to analyze cricket player performance using machine learning models, with a fully integrated web interface for data interaction and visualization.

Python Machine Learning Web Interface

Gesture-Controlled Cursor

Real-time hand gesture recognition system that controls the computer cursor using only a webcam feed, built with OpenCV and Python for seamless, contactless interaction.
